

## How the Ships Will Pass Through Gatun Locks of the Canal

The accompanying photograph gives an idea of the work on the Gatun locks of the Panama canal. The photograph shows one of the two channels of the locks. One channel is to be used by ships passing from the Atlantic to the Pacific, while the other channel will accommodate the ships sailing in the opposite direction. The towering steel structure shown in the picture is for use in case of emergencies. In the event of anything happening on the gate, these towers (there are two of them) may be swung around in position so that they can dam the locks with heavy steel plates.—Copyright by International News Service.

### MIKE GIBBONS IS MATCHED TO FIGHT "SPIKE" KELLY

Chicago, Ill., Sept. 29.—Mike Gibbons, of St. Paul, and "Spike" Kelly, of Chicago, have been matched to box 10 rounds in Kenosha, Wis., on October 10. The match, according to the promoters, will be for the welterweight championship. The men agreed to a 145-pound limit at 3 o'clock on the day of the fight.

### RESULTS ARE SURE IN THE SUNDAY HERALD

A 25-cent want advertisement, a for sale ad. or any kind of classified ad. in the El Paso Sunday Herald will bring double the replies of any other newspaper in the southwest. Special messenger and phone service in Want Ad. department until 9 o'clock on Saturday nights. Call 115 or 116.

## Athletics Have the "Punch" to Win

Mack's Team Is Resourceful and Has Great Reserve Strength—Roger Bresnahan's Friends Fail to See Opening for Him as Manager in Big Leagues.

By JOHN E. WRAY.

ST. LOUIS, Mo., Sept. 29.—If it takes a punch to win a world's baseball championship, the New York Giants are elected to the 40 percent end of the plum, next October. The Giants have not been able to accomplish things in the pinch, against clubs over which they ought to show positive superiority.

The Giants surpass the league in stolen bases and in getting men to first, but fall behind the third place Cubs in crossing the plate. Or late, the club is hitting weakly. The stars are not finding the ball when needed. Against Al pitching the club appears hopeless—witness the battle against Slim Sallee here.

**Athletics Waking Up.** On the other hand the Athletics are waking up. The long sick spell displayed by the American league leaders is past, and the team is taking on a world's championship finish. With big league pitching support, this club has a punch to send it home winner of the big games. The team has resourcefulness and reserve strength which are both elements of class.

**Boards Next Year's Game.** The conclusion of league races after the season as to the winner has been reached serves one useful purpose, however, that may perhaps justify the continuation of a season that has worn its welcome threadbare. It gives managers and fans a chance to look over the new material that has been rounded up to strengthen the club for the following season.

It simplifies the process for the manager, for the tail-end season showing of recruits means much more than their spring practice form. The men themselves, as well as the opposition, have all had the benefit of months of seasoning and know their true form.

**Here's a Nifty Scheme.** As far as the general public is concerned, however, it would much rather see Garry Herrmann's idea carried out, than witness the weary past-the-post gallop of a lot of tired and non-energized backs.

Garry has all along advocated a post-season series between clubs occupying similar positions in the respective standings of the two leagues. This would afford interleague competition and would gear up the winning interest.

**What to Do With Rogers.** John Evers's Cubs have finished in third place; now, can anyone see Rogers Bresnahan's future before this valued bit of baseball talent, at present too high priced to play an unsteady part on any team, is worrying the many friends Rogers made while head of the St. Louis Cardinals.

Evers's position with the Cubs is surely secure. Contrary to expectation, the wry-mouthed little wonder, although

## CATARRH

Scientifically Cured by Their Wonderful  
SCIENTIFIC DIRECT METHOD

Among the many diseases which afflict the human system, CATARRH is the most prevalent and liable to a greater variety of dangerous complications. In its development, the senses of smell, taste, hearing and sight suffer more or less, and the throat and lungs often become involved. Catarrh of the throat, ears, bronchitis, tubes, stomach and intestines requires the same careful attention and treatment.

The wonderfully successful method of treatment, viz.: A correct diagnosis and removal of the cause, together with their PNEUMATIC TREATMENT, which is a combination of OZONE, with PINE OIL, of the HIGHEST MEDICAL CHARACTER, is daily producing some very remarkable cures in the most obstinate cases.

**AN UNEXPECTED ANSWER.** A kindergarten teacher was recently reviewing her little class in the instruction given the day previous. The following are a part of the questions and their answers:

Teacher: "Now, children, I told you yesterday about the various materials from which your dresses are made—silk, wool, and cotton. Let me see how well you remember. Margie, where did the material come from of which your dress is made?"

Margie: "It once grew upon the back of a sheep."

Teacher: "Very good. And yours, Blanche?"

Blanche: "My dress once grew upon the back of a sheep, and a part of it was spun by the silkworm."

Teacher: "Correct. And yours, Lucy?"

Lucy (with evident embarrassment): "My dress was made out of an old one of mamma's."

## BASEBALL SEASON NEARING

Big League Pennants Positions in question.

Champion Batter New York, Sept. 29.—A major league play, a week following to settle the pennant and the baseball season 1914 will have passed into history.

The last week saw the tests in both National leagues settled and arranged the big series between the Nationals and Philadelphia arranged.

With a week of the season several contents for position in the major league remain to be decided. In the National, still has to overhaul Philadelphia for place. The Pirates are settled in place. The ultimate tenant of position is likely to be decided between the "Braves" and "Cincinnati" still in the chance.

In the American league, White took vengeance on New York, three straight and got a hold on the Cleveland Indians, and the Boston Red Sox stood practically still and the place contest still is an open question.

With this record in view, Murphy cannot possibly supplant Evers with Bresnahan.

**Frozen Out.** A contract of proportions said to range anywhere from \$9567.67 annually for three years to \$10,000 for the same period, is a handicap to his transfer as a player. It is only as a manager that Rogers could be used.

Of the doubtful managerial positions last season, not one remains. Tinker and Huggins have been signed again. Evers and Stallings both made good, with plenty of credit. Brooks and Evers miss it—Dahlen and Ebbets are brothers in blood—Bill has a Scotch "nearness" of the holidays Charles to the marrow.

Thus the only place for Rogers is the outside, and the cold days a-comin' on. He gets \$10,000 per annum and 10 percent of the net profits would make a noise like comfortable winter to Rogers right now.

**America's Roster Complete.** Even if Bresnahan could get out of the National league, the picking would not be good. In fact, there is not a big league managerial berth in sight. For St. Louis and Boston, the only two doubtful cities, have already signed their 1914 talent. The other leaders of league teams have been sleeping soundly of nights for some time.

## HARRISON TO FIGHT LOPEZ AT MOGOLLON

Mogollon, N. M., Sept. 29.—A 15 round fight is to be staged here at Mogollon, Saturday, Oct. 4, between "Kid" Harrison, of San Francisco and "Jack" Lopez, of Mogollon. Both boys are fast scrappers and this promises to be one of the best bouts of the season.

Harrison is a tough little fellow, fights like a tiger. He is known in the West as a fighter. He has established his training camp here and is known to the high altitude. Both boys are to enter the ring at 135 pounds.

A semi-windup of six rounds, been signed up between "Gus" Burke of El Paso and "Kid" Dick, another local boy. If Burke goes, he wants to meet "Gus" here soon after. He and Flores recently fought in El Paso City.

Another preliminary has been arranged between Juan Parra, who recently knocked out Bridges in the 15 rounds, and Tom Baldorama.

## Texas University

Squad Shows up Admirably for Football Thanksgiving Day

Austin, Tex., Sept. 29.—The heavy and what has been pronounced the best football squad that ever represented the University of Texas, is now in the opening contest of the season with Fort Worth Polytechnic on Friday.

Head coach Dave Allerdice, assistant coach Rix are devoting their entire time to the varsity squad. It is now composed of 45 men. It is expected that when the team is named that it will average 150 pounds. With the large squad of excellent material, it is impossible to pick all of the men who are to work hard to hold or secure their position, as each candidate is working hard to hold or secure his position.

**Squad in Excellent Shape.** Since their return from San Antonio, the coaches have been drilling the squad in the ball, tackling, dummy, and other football work, but this more strenuous practice only proved that the training the men underwent at San Antonio was most successful and that the squad really in excellent condition.

The freshmen candidates will report to the call of trainer Dick on Monday and it is expected that over 100 year men will report and that the number of men out, including the city, will amount to 150.

**Greatest Need is "Quarter."** The hardest problem the coaches have to meet is that of developing a varsity quarterback back. Not a single player has had experience in the position. The coaches are looking for a player who will be necessary to provide a good substitute for the hard schedule of "Longhorns" play. Loftus, a scrub quarterback, Dudley, a high school at Dallas, are candidates for the position. The coaches are looking for a player who will be necessary to provide a good substitute for the hard schedule of "Longhorns" play.

**Best Ends Developed.** Paul Simmons, a 17 year old, around sophomore, is occupying the position of end. He is a very good player and is expected to be a valuable asset to the team.

**Fast Ends Developed.** Paul Simmons, a 17 year old, around sophomore, is occupying the position of end. He is a very good player and is expected to be a valuable asset to the team.

**Fast Ends Developed.** Paul Simmons, a 17 year old, around sophomore, is occupying the position of end. He is a very good player and is expected to be a valuable asset to the team.

## Race and Townsend Win Foursome at Country Club

E. RACE and W. A. TOWNSEND were the winners in the four-some Sunday's Foursome golf match played at the Country Club.

Their aggregate score was 124. Individually Race scored 60 and Townsend 64. Playing against them in the foursome were A. L. Cox and A. W. Houck.

The day was ideal for the sport and not a player was missing when the hour to start arrived. In the other foursomes the winners were: L. W. Fritchett and W. F. Judd against J. A. Wright and V. P. Safford. E. Ledwith and Tom Newman won from C. J. S. Barnes and A. Alexander. J. S. Curran and W. V. Curtis won from W. W. Carroll and L. R. Fuller. W. M. Pettit and Lieut. J. W. Thompson won from P. C. Thede and V. E. Reggio. J. C. Wilmarth and A. Lathrop won over Vance Stewart and G. A. Trost. Peyton J. Edwards and C. H. Bussing won from W. H. Shelton and W. T. Hixson. H. A. McLean and S. G. Humphries won from F. J. Glumaz and J. H. Clary. J. E. Brown and M. C. Edwards won from J. J. Priest and W. M. Butler. H. B. Harding and C. W. Stimpkins won over Waters Davis and C. C. Stratton.

The lowest individual scores were made by Peyton Edwards and J. A. Wright, both turning in 57. J. C. Wilmarth came next with 58, and A. W. Houck with 59. Of the matches, the

hardest fought one was in the four-some between Fritchett and Judd against Wright and Savage. In this an extra hole was necessary to settle the score.

Mr. Race and Mr. Townsend received the prize of six golf balls for the low aggregate score, and the winners of each foursome were the dinner guests of the losers in the dining room of the Country Club at noon.

The next event of the season will be a blind bogie sweepstake, to be played October 11 and 12 on the club links.

**CORNING MAKES BIG SCORE ON THE RANGE**  
Rutledge Makes Most Hits in the Rapid Fire Test of the El Paso Rifle

G. Corning made high score of 77, and F. M. Filler second in the Orr cup event, at the weekly shoot of the El Paso Rifle club, Sunday afternoon at the Mundy Heights range. The attendance was small chiefly because many of the members were hunting. Corning made high score in the Thede rapid fire test with a score of 39 in 15 seconds.

The score: Orr cup, five shots prone and five knee rest, Corning, 77; Filler, 75; Rutledge, 75; Baca, 69; Clary, 28.

Thede cup, Rutledge, 39 in 15 seconds; Corning, 25 in 16 seconds; Filler, 27 in 15 seconds; Baca, 25 in 15 seconds.
